

## **CAMPUS UPDATE – 10/12/2021**

We need to report that a member of our health services team has tested positive for COVID-19. This individual last worked in the 3<sup>rd</sup> floor neighborhood of Drinkard Healthcare Center on Oct. 9.

Through contact tracing performed by our Infection Control Team and the date this team member started experiencing symptoms, we have determined, with the guidance of the health department, that this person had no exposure to residents and little exposure to co-workers. There are no restrictions to resident activities within the Drinkard neighborhood.

Visitation remains open at this time across the entire campus.

Thank you.

A handwritten signature in black ink that reads "Sean Huyett".
