

CAMPUS UPDATE – 10/18/2021

Visitation to 3rd floor Drinkard is Closed

We need to report that a member of our health services team has tested positive for COVID-19. This individual last worked in the 3rd floor neighborhood of Drinkard Healthcare Center on Oct. 16.

Through contact tracing performed by our Infection Control Team, we do not believe that this staff member spent any prolonged time with residents in this neighborhood. However, based on the recommendation of the local health department, we will be testing all residents who reside on this floor. *Visitation to 3rd floor Drinkard is closed at this time until all testing can be completed.*

We will notify you once testing is complete and visitation to Drinkard 3rd floor can re-open.

Visitation for other neighborhoods in the Drinkard and Hearthside buildings remains open as well as apartments and cottages.

Thank you.
