

CAMPUS UPDATE - May 15, 2021

The most recent COVID-19 guideline update by the Centers for Disease Control (CDC) states that **fully vaccinated people can resume activities without wearing a mask**. As of last evening, May 14, Governor Ralph Northam announced that Virginia will follow the latest guidance from the CDC and lifted the universal mask mandate for those who are fully vaccinated.

Therefore, fully vaccinated people can resume activities without wearing a mask or physically distancing at Westminster Canterbury of Lynchburg. **This applies for independent living areas only.**

The risk of SARS-CoV-2 infection is minimal for fully vaccinated people. The risk of SARS-CoV-2 transmission from fully vaccinated people to unvaccinated people is also reduced. For more details, please visit the website <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/fully-vaccinated.html>

Fully vaccinated travelers do not need to self-quarantine following domestic travel or international travel.

We ask all residents and visitors that are unvaccinated to continue wearing a mask and practice social distancing when in indoor public areas on campus.

At this time, there are no changes to visitation in Healthcare, Assisted Living or Memory Support. Visitation with restrictions remain in place, including our mask policy.

Thank you for your patience and understanding.

Sincerely,

A handwritten signature in black ink that reads 'Sean Huyett'.
