

CAMPUS UPDATE – 9/15/2021

We need to report that a team member who works in dining services has tested positive for COVID-19. This individual worked in the main kitchen and did not have any exposure to residents.

We are performing our contact tracing procedure for other members of the dining team. Individual testing will be conducted for all co-workers who may have been exposed. We will monitor all team members for symptoms per requirements from the local health department.

A handwritten signature in black ink that reads "Sean M. Huyett".
