

CAMPUS UPDATE – 9/21/2021

We want to inform you that we have identified a resident in Independent Living that has tested positive for COVID-19. This person will be in isolation protocol for 10 days. We have worked with our resident clinic team to identify and notify anyone who may have come in contact with this individual over the past few days.

Due to new COVID protocols from the CDC and local health department, the people who were in contact are not being quarantined but will be tested tomorrow, Wednesday, September 22, as a precaution.

Visitation remains open at this time across the entire campus.

As we have shared in our Confab broadcasts, the local health district numbers for COVID-19 cases are dangerously high. Please be careful when out in the community by wearing a mask when in public places and practicing social distancing. If you have a guest coming to campus, please ensure they wear a mask when they are inside our public spaces.

A handwritten signature in black ink that reads 'Sean M. Huyett'.
