

CAMPUS UPDATE – January 19, 2021

We need to report we received positive COVID-19 test results for two team members today. One individual worked on the 3rd floor of Drinkard Healthcare Center on January 16. This team member followed proper infection control procedures while working and wore Personal Protective Equipment (PPE) properly as required.

The second individual is a member of the Environmental Services team and last worked on January 15. Following our contact tracing, it was determined this team member did not have any direct interaction with residents and no exposure occurred.

Staff members were tested for COVID-19 today will be tested again on Thursday, Jan. 21. All Assisted Living and Healthcare residents will be tested on January 20.

Good News: We anticipate that 3 of the 5 residents under isolation care will be able to return to their apartments/neighborhoods tomorrow. Special thanks goes to our healthcare team members caring for them.

Visitation in all care areas, Assisted Living, Drinkard Healthcare, Memory Support and the 6th floor of Hearthside, remains suspended. Families are permitted to visit those residents receiving end of life care.

Visitation for all apartment and cottage residents is limited to outdoor spaces only. Family members are not permitted in our buildings.

Sincerely,

A handwritten signature in black ink that reads "Sean M. Huyett".
