

CAMPUS UPDATE – January 4, 2021

We need to report that we received positive COVID-19 test results for two team members today. One of our administrative staff members tested positive for COVID-19 virus over the weekend. This person did not have direct contact with residents and has been out of the office since December 22.

The second person identified as testing positive for COVID-19 works in our healthcare area. This individual is a non-direct care team member who last worked on December 24. This person was not in direct contact with any of our residents.

There are no positive test results for residents of our Healthcare or Assisted Living areas at this time. Testing for staff members will be conducted again tomorrow, January 5.

Visitation in all care areas, Assisted Living, Drinkard Healthcare, Memory Support and the 6th floor of Hearthside, remains suspended until further notice. Families are permitted to visit those residents receiving end of life care.

Visitation for all apartment and cottage residents is limited to outdoor spaces only. Family members are not permitted in our buildings.

Sincerely,

A handwritten signature in black ink that reads "Sean Huyett".
