

CAMPUS UPDATE – July 21, 2020

Westminster Canterbury of Lynchburg continues to receive results from testing for the COVID-19 virus from July 16. Individuals will be notified if their results are positive.

There are no new positive results for our residents. **However, there was another new positive test result for a staff member received today.**

This staff member worked on the 4th Floor of the Drinkard Healthcare Building. We are working with the local health department to take necessary steps to contain the spread of this virus. The staff member wore personal protective equipment while working.

We will be performing a third round of testing next week.

Thank you for your understanding.
