

## **CAMPUS UPDATE - August 4, 2020**

### **Eighth employee tests positive for COVID-19 virus.**

Based on the results received from our third cycle of testing for the coronavirus, there are no positive results for our residents. Individuals are notified if their results are positive and the website is updated.

**However, there is one new positive test result for a part-time employee in healthcare.** The staff member last worked **July 23<sup>rd</sup>** on the 3<sup>rd</sup> floor of the Drinkard Healthcare Center. This person was asymptomatic and wore personal protective equipment while working. The employee is okay; we anticipate a full recovery.

**We will perform a fourth round of testing for COVID-19 on August 10.** We are required by the State of Virginia and CMS/Medicare to test the residents of our healthcare and assisted living neighborhoods, as well as all employees.

Thank you for your patience and understanding during these unprecedented times.
